

Datasheet: 0100-0035

Description:	NATIVE LIPOTEICHOIC ACID
Name:	LIPOTEICHOIC ACID
Other names:	LTA
Format:	Purified
Product Type:	Antigen
Quantity:	1 mg

Product Details

Applications This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.abdserotec.com/protocols.

	Yes	No	Not Determined	Suggested Dilution
ELISA	■			*

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using the appropriate negative/positive controls.

Target Species Bacterial

Product Form Purified lipoteichoic acid - liquid

Preparation Phenolic extraction

Preservative Stabilisers None present.

Approx. Protein Concentrations 1.0 mg/ml

Specificity Native lipoteichoic acid (LTA) purified from *Staphylococcus aureus*.

LTA is a linear polymer of phosphodiester-linked glycerol phosphate covalently attached to lipid. The lipid binds hydrophobically to the cell membrane and the polyglycerol phosphate portion extends into the cell wall. The biological role of LTA is not fully understood but when expressed on the cell exterior it is thought to act as an adhesin.

CAS Number: 56411-57-5

ELISA *When coating use 10 ng - 1 µg/well.

Storage Store at -20°C only.
Storage in frost-free freezers is not recommended.
This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody.
Should this product contain a precipitate we recommend microcentrifugation before use.

Shelf Life 2 months from date of despatch.
