

Recombinant Human Soluble CD40 Ligand (sCD40L)

Publication Number MAN0004262

Revision Date 06 May 2011

Catalog Number:	PHP0024	PHP0025
Quantity:	10 µg	50 µg
Lot Number:	See product label.	
Molecular Weight:	16.3 kDa, 149 amino acid residues.	
Purity:	≥98% by SDS PAGE and HPLC analyses.	
Biological Activity:	The biological activity was determined by measuring the dose-dependent stimulation of IL-12 production by isolated human PBMC's. sCD40L also stimulates the production of IL-8 by isolated human PBMC's. The ED50 for this effect is 5–10 ng/mL. It is important to note that the observed ED50 may vary with PBMC donor. sCD40L, a member of the TNF family, is also known as TRAP and sCD154.	
Formulation:	Lyophilized from 10 mM sodium phosphate, pH 7.5. Filtered through a 0.2 micron filter prior to lyophilization.	
Endotoxin:	<0.1 ng/µg	
Production:	Produced in <i>E. coli</i> and purified by sequential chromatography.	
Reconstitution Recommendation:	We recommend that this vial be briefly centrifuged prior to opening to bring the contents to the bottom. Reconstitute sCD40L in 5–10 mM sodium phosphate, pH 7.5, to a concentration of 0.1–1.0 mg/mL. <i>Do not vortex.</i> This solution can be stored at 2°C to 8°C for up to 1 week. For extended storage, it is recommended to further dilute in a buffer containing a carrier protein, such as 0.1% BSA and store in working aliquots at –20°C to –80°C.	
Suggested Working Dilutions:	The optimal concentration should be determined for each specific application.	
Storage:	The lyophilized protein is stable at room temperature for 1 month, but should be kept at –20°C for long term storage, preferably desiccated. Working aliquots stored with a carrier protein are stable for at least 3 months at –20°C to –80°C. Avoid repeated freeze/thaw cycles.	
Expiration Date:	See product label.	

Explanation of Symbols

The symbols present on the product label are explained below:

Symbol	Description
	Catalog Number
	Research Use Only
	Use by
	Manufacturer
	Without, does not contain
	Protect from light
	Directs the user to consult instructions for use (IFU), accompanying the product.

Symbol	Description
	Batch code
	In vitro diagnostic medical device
	Temperature limitation
	European Community authorized representative
	With, contains
	Consult accompanying documents

Limited Use Label License: Research Use Only

The purchase of this product conveys to the purchaser the limited, non-transferable right to use the purchased amount of the product only to perform internal research for the sole benefit of the purchaser. No right to resell this product or any of its components is conveyed expressly, by implication, or by estoppel. This product is for internal research purposes only and is not for use in commercial applications of any kind, including, without limitation, quality control and commercial services such as reporting the results of purchaser's activities for a fee or other form of consideration. For information on obtaining additional rights, please contact outlicensing@lifetech.com or Out Licensing, Life Technologies, 5791 Van Allen Way, Carlsbad, California 92008.

For Research Use Only. Caution: Not for human or animal therapeutic or diagnostic use.

Manufacturing site: 7335 Executive Way | Frederick, MD 21704 | Toll Free in USA 800.955.6288
