

# IL-2 ABfinity<sup>™</sup> Recombinant Rabbit Monoclonal Antibody – Purified

Publication Part no. MAN0004992

## Catalog Number: 701080

Rev. Date: 21 August 2011

Store at 2-8°C

| Volume:  | 200 µL                  |                            |                                   |
| Product Desci  | ription                 | kDa                        |                                   |
| IL-2 is a 15 kDa cytokine which is produced by immature CD4 Th |                         | 260                        |                                   |

precursor and Th0 cells as well as some Th1 cells of the immune system. IL-2 plays an important role as a growth factor, differentiation factor, and regulator of cell death. IL-2 stimulates the proliferation of B cells, augments natural killer cell activity, and inhibits granulocyte macrophage colony formation. The gene for IL-2 is located on chromosome number 14 at the 4q26-q27 locus.

#### **Product Specifications**

| Immunogen:                    | Recombinant protein corresponding to<br>amino acids 21–153 of Human<br>Interleukin 2 |
|-------------------------------|--|
| Alternate Names:              | TCGF   |
| Apparent MW:                  | ~15 kDa  |
| Gene ID:                      | 3558   |
| <b>Protein Accession No.:</b> | P60568   |
| Sequence Identity:            | Human  |
| Clone/PAD:                    | 2H20L7   |
| Lot:                          | See product label  |

## **Product Applications**

| Application          | Species | Test Material          | Concentration |
|----------------------|---------|------------------------|---------------|
| Western<br>blotting  | Human   | Recombinant<br>protein | _             |
| Indirect ELISA Human |         | Recombinant protein    |               |

# Storage and Handling

Store the antibody at 2–8°C for up to 1 month, or –20°C for long storage. Avoid repeated freezing and thawing.

## Stability

Expires one year from date of receipt when stored as instructed.

## Storage Buffer

Phosphate buffered saline (PBS) with 0.09% sodium azide.

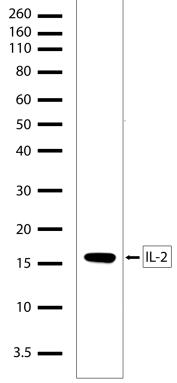

Figure 1 Western blot analysis of IL-2 ABfinity<sup>™</sup> Recombinant Rabbit Monoclonal Antibody (Cat. no. 701080). Western blot analysis was performed on Recombinant Human IL-2 protein. A band corresponding to human IL-2 at ~15kDa was detected using IL-2 ABfinity<sup>™</sup> Recombinant Rabbit Monoclonal Antibody.

For research use only. Not for human or animal therapeutic or diagnostic use.

Manufacturing Site • 7335 Executive Way • Frederick • MD 21704 • E-mail: techsupport@invitrogen.com

## Safety Data Sheets (SDS)

Safety Data Sheets (SDSs) are available at **www.invitrogen.com/sds**.

## **Certificate of Analysis**

The Certificate of Analysis provides detailed quality control and product qualification information for each product. Certificates of Analysis are available on our website. Go to

**www.invitrogen.com/support** and search for the Certificate of Analysis by product lot number, which is printed on the box.
